

# 2nd Anniversary

It's been 2 years since I brought my various worldbuilding ideas together into this weird little paracosm. I'm afraid I don't have anything really big to mark the occasion. I will say thank you all again for indulging in this grown man's silly make-believe world. I've stated elsewhere that this has primarily been a means of self therapy for me. My joy, anger, love, sadness, fear, and melancholy have all been poured into this project.

It has also been a little over 24 hours since the passing of one of my muses, my friend and guide dog of over 10 years. She was the direct inspiration for the yinrih's longevity, and along with her successor, Mr. Commonthroat, for the yinrih themselves.
