

Space Tree Doggo Fascists

Image

The Unionists are a manifest destiny movement within the Allied Worlds that seeks to unite all of Focus under the AW government. Their slogan is *<rd r scrg, r dr mLg, r dr rJhg, r dr rgHHGg> One star, one species, one throat, one rule.*

Their symbol is a filleted hexagon containing six circles representing the six major planets of Focus (Hearthside, Sweetwater, Yih, Newhome, Welkinstead, and Moonlitter)*.

They were always a controversial movement, and only become more controversial after First Contact and the arrival of humans to Focus. They are aggressively anti-partisan. Thanks to the horseshoe effect they don't appear much different from their enemies from an outside perspective. This essentially makes them a "fascist" counterpart to the "communist" Partisans.

*The number six is highly symbolic in most cynoid cultures, representing the yinrih species (six digits on each paw) and Focus (six major planets).
